Education

Northeastern University

Boston, MA

PhD Student in Interdisciplinary Design and Media with a focus on Data Visualization

MS in Information Design and Data Visualization | GPA 4.0

Bachelor of Fine Arts, Graphic and Information Design | GPA 3.85
Graduated Summa Cum Laude in Spring 2022

Work Experience

Graduate Researcher | Northeastern University, College of Computer Science | 2025-26

Lead author in an NSF funded research project on ethics in data visualization and statistical graphics. Conducted 20 interviews with senior experts in the field. Performing qualitative research and thematic data analysis.

Teaching Assistant | Northeastern University, College of Arts Media and Design | 2024

TA for the graduate course "Information Visualization Principles and Practices" and the undergraduate course "Prototyping with Code". Co-led critique and discussion sessions, held office hours, and conducted grading. Created and held a series of tools-based workshops for InDesign, Illustrator, and Figma.

Graduate Research Assistant | Northeastern University, College of Arts Media and Design | 2024

Conducted data visualization, creative coding, and design prototyping on the Creative Climate Lab Team. The Team is part of CAMD's Climate Change and Public Communication Impact Group.

Data Visualization Intern | Trustees of Reservations | 2023

Worked with the VP of Conservation, Director of Coast, GIS Specialist, and Digital Technology Director to research and design a custom report.

Labs Director | Scout | 2023

Restructured, recruited, and led an interdisciplinary team through a design research project around food insecurity in Boston. Worked in partnership with the Mayor's Office of New Urban Mechanics Office of Food Justice and Northeastern Center for Design.

Art Director | Experience Magazine | 2022

Worked with the Design Director to hire illustrators, manage project timelines, design magazine layouts, create data archives, and manage social media accounts.

Information Design Intern | The Visual Agency | 2021

Collaborated on a variety of graphic and information design projects to fulfill client needs by analyzing data, designing charts/graphic layouts, and visualizing data.

Skills

Visualization and Design | Adobe Creative Suite, Figma, Tableau, Graphic Design, Prototyping.

Programming | JavaScript (D3, P5), R Studio, CSS, HTML, Processing (Java), Python, Git/GitHub, Python, Arduino IDE (C++).

Research | Qualitative Research, Thematic Analysis, Semi-structured interviewing, Mixed Methods Research, Academic Writing.

Leadership & Communication | Data Storytelling, Science Communication, Project Management, Workshop Facilitation, Team Leadership.

Awards

CAMD Graduate Award for Creative and Research Projects

Spring 2024

For research in information design and data visualization.

Society for News Design

Spring 2022

Won an award of excellence in the digital design contest for art direction.

Selected Exhibitions

Lexus at Milan Design Week | Our Energy Nexus. Spring 2025.

Work on show from April 7th – 13th in Milan, Italy.

Numerical Existence | A Perfect Storm. Spring 2024.

Rio de Janeiro, Oi Futuro Museum.

Information+ Exhibition. Fall 2023.

Peer-reviewed submission of my project "Visualizing the International Trade of Worn Textiles" displayed at Inspace gallery in Edinburgh, Scotland.
